## (Registration number 2012/033437/30)

# **ANNUAL PERFORMANCE REPORT**

## (Against Predetermined Objectives)

for the period

2019-2020

#### Chris Hani Development Agency (SOC) Limited (Registration number 2012/033437/30) Annual Performance Report for the year ended 30 June 2020 Directors' Responsibilities and Approval

30 October 2020

The directors are required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate performance records and are responsible for the content and integrity of the annual performance report (APR) and related supporting portfolio of evidence (POE) towards realised predetermined objectives.

Therefore:

- It is the responsibility of the directors to ensure that the annual performance report fairly represents the performance against predetermined objectives of the entity as at the end of the financial year
- The directors acknowledge that they are ultimately responsible for the system of internal control and reporting established by the entity and place considerable importance on maintaining a strong control environment that supports the realisation of predetermined objectives, and supports adequate, accurate and reliable reporting on predetermined objectives
- The directors have reviewed the entity's annual performance report (APR) for the year starting 1 July 2019 to 30 June 2020 and, in the light of this review, approve the submission of the attached report, with the additional submission of the approved supporting portfolio of evidence (POE) as a means of verification of reported achievements for the period
- The annual performance report information has been set out on the following pages, and was approved by the directors in a meeting held on the 19 October 2020 and were thus signed on their behalf by:

Mr. Zolile Duze

30 October 2020

Adv. Andile Mini Chairperson of the Board 30 October 2020

Ezibeleni Waste Buy-back and Sorting Facility

| 5. | Summary Progress on Resolving Areas of Non-Performance – 2018-2019: | 27 |
| 6. | Concluding Remarks  | 35 |

#### 1. Introduction:

The agency's strategic objectives are aligned to the parent municipality's IDP objectives. These have been secured in a Service Level Agreement (SLA) between the agency and the CHDM for the year 2019-2020, and have served the basis of structuring the agency's Annual Performance Plan (APP) for the year.

These overarching strategic objectives, or programmes are:

- 1) To develop a proficient and viable organization
- 2) To develop viable and sustainable rural economies
- 3) To facilitate investment promotion, SMME development and job creation
- 4) To facilitate development of sector-specific scarce skills
- 5) To develop strong stakeholder and community partnerships

The annual performance report will provide an assessment of the agency's performance in the period starting 1 July 2019 to 30 June 2020, against these identified strategic programmes, and reflect in depth on areas of non-performance.

#### 2. Summary Organizational Performance – Annual for 2019-2020:

The agency's assessed performance for the period 1 July 2019 to 30 June 2020, is as follows:

| Achieved:           | 71% | (100% or greater completion of planned outputs due by end June 2020) |
|---------------------|-----|--|
| Partially achieved: | 10% | (76 – 99% completion of planned outputs due by end June2020)         |
| Not achieved:       | 19% | (less than 75% completion of planned outputs due by end June 2020)   |

Figure 1 \_ Organisation Performance Summary \_ 2019-2020

This is comparable to the 72% performance reported at the end of 2018-2019, where 31/43 targets were achieved by end June 2019.

In compiling the performance figures, the organizational performance was reviewed against the individual performance by programme, across each of the 5 key programmes in 2019-2020. The performance by programme can be summarized as follows:

- 1) To develop a proficient and viable organization
- 2) To develop viable and sustainable rural economies
- 3) To facilitate investment promotion, SMME development and job creation
- 4) To facilitate development of sector-specific scarce skills
- 5) To develop strong stakeholder and community engagement for public accountability

| Summary Performance  | 71%                      |                                       |  |  |               |   |

|  |                          | 8                                     | 31%  |  |               |   |

#### Figure 2 \_ Detailed Organisation Performance by Strategic Programme \_ 2019-2020

The detail above has been summarized below:

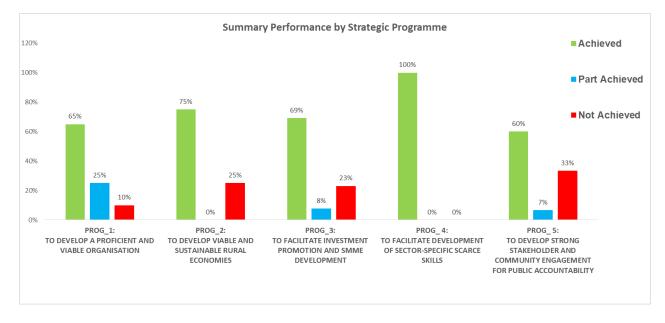

Figure 3 \_ Comparative Organisation Performance by Strategic Programme \_ 2019-2020

The charts above indicate the status of key output deliverables at 30 June 2020. A detailed look at these figures is explained below:

- A total of 52 deliverables of the 73 (71%) identified for the year have been achieved to within 100% or above of the annual target. Of the number of targets achieved, a total of 17 of the 52 (33%) have been achieved above the required performance metric (achieved above target).
- A total of 7 deliverables of the 73 (10%) identified for the year have been partially achieved to within 76-99.99% of the annual target. On a holistic level, there was positive movement on 81% of the annual performance objectives by the end of June 2020, although some targets were not achieved in full.
- In closing, a total of 14 deliverables of the 73 (19%) identified for the year have been not achieved, as they have fallen within 0-75% of the annual target.

These performance figures were achieved with the agency spending 87% of its approved budget, and utilizing 99.67% of actual received budgeted-for funds, as follows:

|                              | Financ                  | ial Performance S      | Summary _ 2020           |                     |         |                               |         |

Figure 4 \_ Summary Financial Information \_ 2019-2020

However, it is worth noting that one of the key challenges for the year remains the non-receipt or late receipt of external funds, in which case, 2019-2020 saw the agency receiving only 88% of its expected budget from third parties. A key enabler was the utilization of unspent grants / rollover funds from prior year.

The next part of the report will indicate in detail areas of key achievement, and areas of non-achievement for 2019-2020, within each of the programmes' key areas of focus.

(Pomegranate Fruit Pilot – Mitford Farms)

### 3. Summary on Key Successes – Annual for 2019-2020:

The key areas of notable performance leading to the results in the summary table above have been tabled below for easy reference.

For noting, key achievements for the year have been summarized below:

| PROG 1: TO DEVELOP   | A PROFICIENT AND VIABLE ORG              | ANISATION  |
|----------------------|--|--|
| Sub-Programme        | Objective                                | Actual Deliverables / Successes Realised   |
| Corporate Governance | Governance and Oversight<br>Structures   | <ul> <li>A new board was appointed in December 2019, and a new mandate issued by the shareholder for the CHDA operations</li> <li>The CHDA board and sub-committees were effective during the year in carrying out their fiduciary duties, and the required minimum number of engagement sessions were held for the year</li> <li>The CHDA established an ICT steering committee, and it was functional in terms on ensuring that the agency was provided with uninterrupted ICT service delivery during the period. As a result, there were no reported incidences of cyber-crime, data losses, or similar risk events, and the agency managed to implement on 98% of the approved ICT plan for the year</li> </ul> |
|                      | Strategy and Business Planning           | <ul> <li>The CHDA mandate was revised in December 2019, and the changes considered in the annual strategic planning event</li> <li>The annual strategy review was conducted, and 5-year strategy developed, despite the challenges brought on by the Covid19 pandemic at the end of March 2020. As a result, the strategy review session was conducted virtually, but new strategy developed and approved by end June 2020</li> </ul>  |
|                      | Corporate Finance, SCM and<br>Compliance | <ul> <li>The agency has improved its ability to get ready for the AG, and submitted its AFS and APR in time and a clean audit outcome was realized for 2018-2019</li> </ul>  |
|                      | ICT Governance                           | The CHDA ICT steering committee was functional in terms on ensuring that the agency was provided with<br>uninterrupted ICT service delivery during the period. As a result, there were no reported incidences of cyber-crime,<br>data losses, or similar risk events, and the agency managed to implement on 98% of the approved ICT plan for the<br>year  |

| Financial Viability                                       | Agency Function and Own Revenue            | $\odot$  | 2 agency function concept documents were developed during the year, and 1 was approved for implementation by  |
|---|--|--|---|
|   | Generation                                 |  | CHDA  |
|   |  | $\odot$  | 6 new contracts were signed during the year for appointment of CHDA as implementing partner, and 5 agency function  |
|   |  |  | contracts were being implemented during the year, with CHDA being the chosen implementer for ECDRDAR, CHDM,   |
|   |  |  | DEDEAT, DEA and the IDC on various development initiatives. A notable achievement with completion of 2/3 buyback  |
|   |  |  | centers under the DEA waste programme, after initial approval of the programme in 2014-2015   |
|   | Fundraising to Support                     | 0  | The agency improved significantly in its focus on fundraising in 2019-2020. Of a total target of 11 funding applications  |
|   | Development Programmes                     |  | were developed and submitted to third parties in 2018-2019, and in 2019-2020, the agency was able to submit 24  |
|   |  |  | funding applications for various development programmes linked to agribusiness, skills development and SMME/co-   |
|   |  |  | op/enterprise development   |
| Risk Management   | Risk Management and Identification         | ٢  | The annual risk assessment was conducted and risk-based audit plan developed  |
|   |  | 0  | The agency managed to effectively establish and implement internal process of assessing risk, and monitoring of   |
|   |  |  | identified risk action plans/ countermeasures and reported on risk management throughout the year   |
|   |  | 0  | The agency was able to conduct its annual policy review workshop with staff and the board, as well as held a risk,  |
|   |  |  | fraud, corruption and whistleblowing awareness workshop for staff and management in its efforts to improve  |
|   |  |  |   |
|   |  |  | management of risk in the organisation  |

|                                | Technical Support for Agro-processing<br>Development Programmes                | 0 | The CHDA identified the potential for grain farming in the Ngcobo area, and to commercialise the existing milling facility, embarked on developing a concept and feasibility study for the Ngcobo feed-mill initiative. The reports were developed and finalized by end June 2020  |

| Sub-Programme                      | Objective   | Actual Deliverables / Successes Realised  |
|------------------------------------|---|---|
| Investment Promotion               | Facilitation of Operationalisation of the<br>Komani / Queenindustria Industrial<br>Park | <ul> <li>The CHDA submitted an application for the industrial park in Komani, which was subsequently approved for R45m towards upgrades and renovations in prior period, and in 2019-2020, CHDA was able to coordinate the required stakeholder engagements leading towards implementation on site. The CHDA made an application to the Enoch Mgijima LM to be awarded operator license to run the park, and this was approved via council resolution during the 2019-2020 period</li> <li>The CHDA also held various ongoing engagement sessions with tenants to promote the industrial park, towards assisting with operationalization and commercial activity within the industrial park</li> </ul>  |
| Emerging Enterprise<br>Development | SMME Development  | <ul> <li>The CHDA intends to be instrumental in enterprise development going forward, and developed a framework to guide SMME development initiatives in 2019-2020. This framework looks ate ensuring sustainability of small enterprises and how the various systemic processes can be adjusted to ensure that small business owners receive the suppor they need to grow sustainable business that can contribute to job creation, access funding for growth, as well as contribute to the local economy</li> <li>The CHDA also developed a database of local / district SMME's to keep track of small enterprises and sector participation in the Chris Hani district</li> <li>The CHDA also disbursed R2.5m in funding from the CHDM Mayors SMME Fund to qualifying approved smal enterprises. This funding was in the form of goods and services required by the enterprises to become operational or grow</li> <li>The CHDA also signed 2 post-funding mentorship agreements with third parties to assist enterprises access mentorship support after they were funded</li> </ul> |
|                                    | Co-ops Development  | <ul> <li>The CHDA identified a number of rural based agricultural co-operatives, and targeted that 5 would access or benefit from mechanization services support. A total of 10 co-ops were accessing mechanization services in the period 2019-2020</li> </ul>   |

| Work Opportunity        | Facilitation of Job and Work                         | <ul> <li>The CHDA also provides assistance to emerging enterprises in commercializing their activities. As a result, 6 offtake agreements were facilitated and signed to assist agricultural co-operatives sell their harvested maize in the formal market to the tune of over R600 000</li> <li>3 training events were also facilitated with technical partners and third parties for agricultural co-operatives based in the district to help formalise their business operations</li> <li>The CHDA was able to recruit up to 200 CHD locals in its various programmes during the year, resulting in job creation</li> </ul> |
|-------------------------|--|--|
| Facilitation and Job    | Opportunities for CHD Locals                         | and work opportunities for locals as well as an income opportunity for these families. The CHDA hopes to continue  |
| Creation                |  | with job creation efforts going forward in its various LED initiatives   |

## 6. <u>Concluding Remarks</u>

The key areas of non-performance up to the end of June 2020 are due to areas within the CHDA's area of control, and outside of its control:

| No | n-Performance Issues Within Ag        | gency's Area of Direct Control   |
|----|---------------------------------------|--|
| 1) | Improvement in own fund-              | Agency to consider:  |
|    | raising for programmes                | - Building internal skills associated with programme conceptualization,<br>feasibility analysis, business planning and funding applications to help<br>reduce reliance on handed-over projects, and non-receipt of promised<br>funds. This will help build a solid project pipeline, as well as create project<br>autonomy, and alternative sources of programme implementation funds  |
| 2) | Investment in skills and              | Agency to invest more in:  |
|    | capacity of implementing<br>resources | <ul> <li>Attracting and recruiting the right candidates with the right set of skills, which are needed for building distinct competencies and build organizational strengths</li> <li>Training and development for implementation staff, to ensure that those who drive programmes are well-equipped with technical, financial and project-management capabilities</li> </ul>  |
| 3) | Improvement in monitoring             | Agency to consider:  |
|    | processes                             | <ul> <li>Allocating the responsibility of a strategic manager / performance officer<br/>or senior operations to a single individual on a full-time basis to ensure<br/>that programme and performance planning, monitoring and management<br/>of programme risks is managed daily and prioritized, so performance can<br/>be championed within the agency</li> </ul>   |
|    |                                       | <ul> <li>Design improved methods of reporting by project implementers, linked to<br/>pre-approved key performance indicators on programmes. This function<br/>has to be driven and monitored by a key resource in the agency, so all<br/>reporting is not only reactive, but linked to solutions and counter-<br/>measures, and monitoring of high – importance / high – impact areas that<br/>could result in poor performance</li> </ul> |
|    |                                       | <ul> <li>Investment in advanced monitoring and evaluation training for those involved in project implementation</li> </ul>   |

| 4) | Improvement in partner<br>selection and evaluation  | <ul> <li>Investment in a monitoring and evaluation baseline study to identify benchmarks for performance planning, and performance review. This will help motivate a business case for the agency, and highlight key achievements</li> <li>Agency needs to:</li> <li>Create a formal method of selecting partners for development projects, so as to enter in meaningful MOU's and SLA's, given CHDA's disappointments from third parties in the past.</li> <li>All partnerships must be based on distinctive competencies the agency does not have access to, so all partnerships are mutually beneficial, and reduce the likelihood of non-performance on both parties</li> <li>A formal method of vetting partners, and monitoring their performance under the terms of the MOU are necessary, so un-beneficial partnerships are cancelled timeously to mitigate associate strategic risk from non-performance</li> </ul> |
|----|---|--|
| 5) | Improvement in project<br>Planning, Implementation<br>Management, Reporting and<br>Evaluation Processes | <ul> <li>Agency needs to:</li> <li>Develop a standard framework based on approved project management<br/>methodologies, such as PMBOK, on which to base project planning,<br/>implementation, reporting and monitoring processes</li> </ul>  |
| 6) | Improvement in disaster<br>management and business<br>continuity processes                              | The Covid19 pandemic outbreak affected a number of activities, and had there<br>been a comprehensive disaster management and business continuity strategy<br>in place, negative impact on some performance targets and indicators could<br>have been reduced or prevented.<br>Since this, the agency has committed to improving ICT capacity and<br>infrastructure to allow for virtual means of stakeholder engagement, as well as<br>allowing staff to work remotely   |

| Non-Pe | rformance Issues Outside of Agency's Area of Direct Control  |
|--------|--|
| 1)     | Default on MOU terms by third parties, or non-performance by technical partners                                    |
| 2)     | Non-receipt of approved funding for programme implementation   |
| 3)     | Social issues in irrigation schemes, which affect how well the agency is able to fulfil its mandate in these areas |
| 4)     | Covid19 pandemic outbreak affected realization of targets in the last quarter                                      |

A detailed performance report for the year is attached as
